TalarMade Ltd is a UK-based manufacturer of Class I medical devices, committed to providing high-quality, safe, and effective products designed to support healthcare professionals and patients.

This Instruction for Use (IFU) document provides essential information for the correct and safe use of TalarMade products, in compliance with the requirements of the UK Medical Devices Regulations 2002 (as amended) and the EU Medical Device Regulation (EU) 2017/745 (MDR), as applicable.

All TalarMade medical devices are designed, manufactured, and distributed under a certified Quality Management System in accordance with ISO 13485:2016, ensuring that they consistently meet both regulatory and customer requirements for safety, performance, and reliability.

Made with clinical excellence in mind

Prescribers and users are advised to read this document carefully before use. Proper understanding and adherence to the instructions, warnings, and precautions outlined herein are essential to ensure optimal product performance and to minimise the risk of misuse or adverse events.

Product Details

Product Name: Palm Protector

GMDN: 41457 – Hand Orthosis

UDI-DI (if applicable): 50552043ULOWHOL8

Packaging contents: 1 x Palm Protector

Manufacturer Details

Device Description

- Simple palm protector made from synthetic sheepskin
- Closed cell foam separator
- Touch-and-close fastening
- Universal size – fits the left or right hand
- Sold singly

Intended Use

The Palm Protector is intended for those who require a protective barrier at the palm of their hand in order to prevent skin damage/breakdown.

Target users are healthcare professionals and laypeople, both in hospital/healthcare environments and at home.

The Palm Protector should be worn/used under the guidance of a healthcare professional and as outlined in the instructions for use.

Indications

The Palm Protector is indicated for use in the following situations:

- Severe MCP and finger flexion contractures
- Palm protection
- Improves hand hygiene

Contraindications

- Do not use on open wounds
- Any known allergy and/or hypersensitivity to any material listed in the product composition
- Caution should be used if prescribed to patients with diabetes, vascular deficiency and neuropathy

Warnings

Caution	Hazard	Potential Harm	Risk-Control / IFU Warning
⚠ **Warning**	Application Over Open Wounds	Delayed Healing or Infection	Do not use over open wounds without appropriate dressings and medical supervision.
⚠ **Warning**	Incorrect Application	Ineffective function	Application should be performed by healthcare professionals or trained caregivers. If the device is incorrectly fitted or positioned, function may be reduced, and the risk of pressure related issues may increase.

⚠ **Warning**	Skin Monitoring	Patient Injury	The patient's skin must be inspected regularly for signs of redness or irritation. If irritation or skin damage occurs, discontinue use and consult a healthcare professional.
⚠ **Infection Control**	Cross-contamination, loss of performance	Infection transmission	The device is intended for single patient use only. The device may be cleaned during use according to the cleaning instructions provided.
⚠ **Do Not Modify**	Device Condition	Ineffective function, increased injury risk	Do not cut, pierce, or modify the device, as this may affect safety, performance, and function.
⚠ **Fire Hazard**	Fire	Fire, Patient injury	Keep the device away from open flames, lit cigarettes, or other sources of ignition.
⚠ **Keep dry / moisture hazard**	Use of wet or contaminated device	Skin maceration, microbial growth, reduced device performance	Ensure device is dry before use and is cleaned regularly

Precautions

- This device is for **single-patient use only**. Re-use by another individual may increase the risk of cross-contamination, improper fit, or compromised device performance
- The device should be worn as instructed by the prescriber
- Inspect the device integrity before use
- Remove brace and cease use if the brace causes pain, redness or skin breakdown

Instructions for Use

Preparation

- Remove packaging before inspecting Palm Protector, making sure it is not damaged

Application

- With all touch-and-close strap unfastened, place the palm protector onto the hand ensuring that the thumb slides through the aperture
- Fasten touch-and-close lay over strap across the back of the hand to secure fit. Strap tension should be firm but not uncomfortable

Removal

1. Release the touch-and-close strap
2. Remove Palm Protector from hand
3. Inspect skin, checking for any signs of irritation, redness, or pressure marks.

During Use

- Wearing schedule - Follow the duration and daily wear time recommended by your healthcare professional or medical care plan
- Monitoring - Periodically check skin condition and comfort.

Cleaning & Maintenance

- Close over all touch-and-close straps
- Synthetic sheepskin can be hand washed in cool water with mild detergent
- Do not use bleach or chlorine-based cleaning products
- Not for use in washing machine or tumble dryer
- Brace should be left to dry naturally before re-applying

Storage Conditions

- Store in a cool clean dry place and away from direct sunlight to prevent discolouration
